

Nathan - As a player, I want to be able to plant new crops so that I can continue to farm.

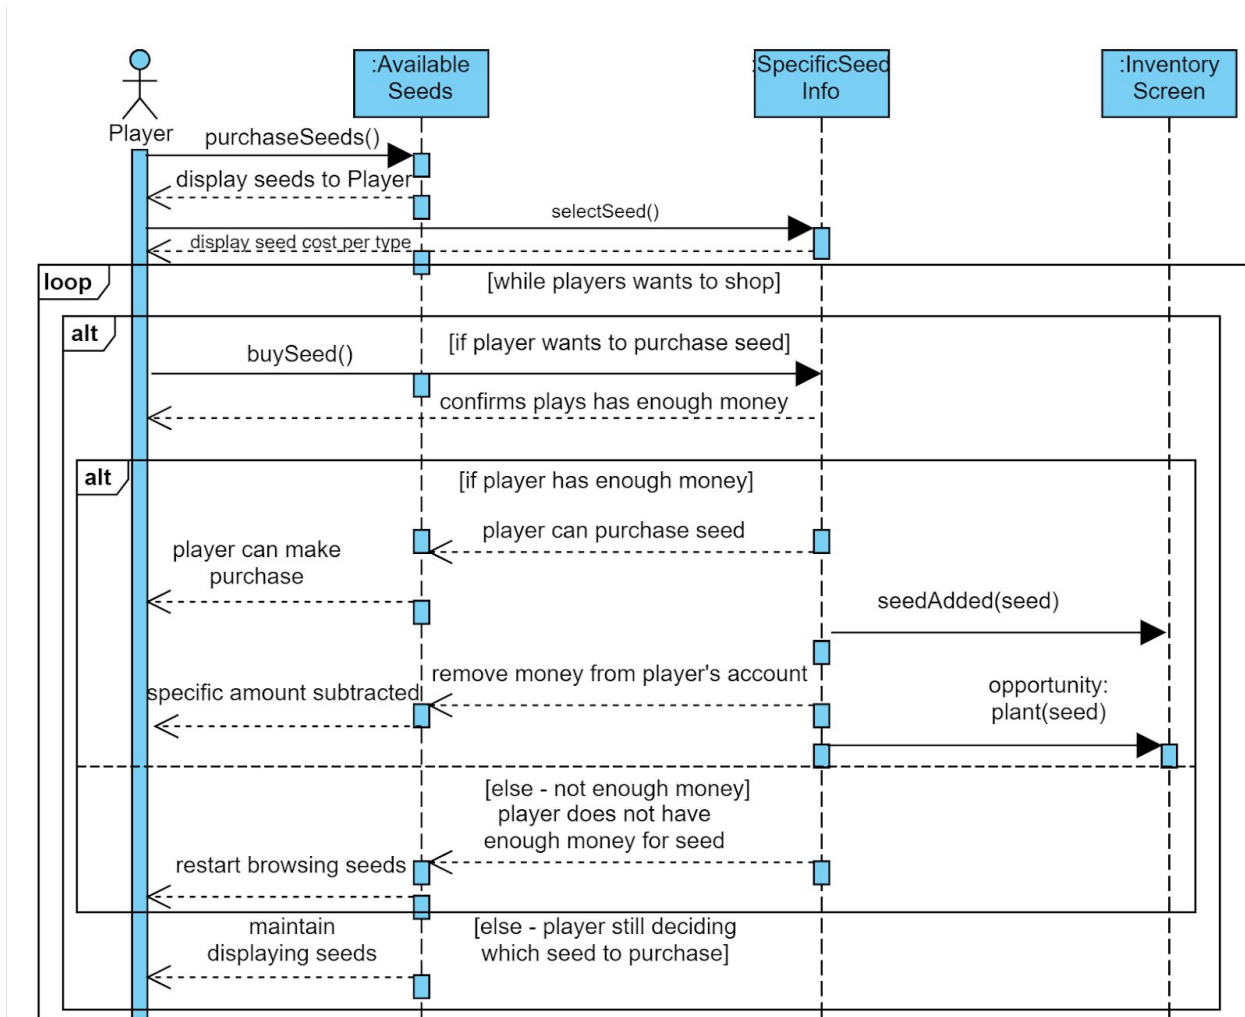

David: As a player, I want to configure my player so that I can experience the game the way I want (including name, difficulty, and starting seed).

Rachel: As a player, I want to buy different seeds so that I can grow different crops on my farm.

Additional user stories:

As a losing player, I want to reset my farm so that I can start the game over.

As a player, I want to be able to sell different crops for different amounts of money at the market.

As a player, I want to water my crops so that they can grow.

As a player, I want to fertilize my crops so that they can grow faster.

As a player, I want to buy more plots with money so that I can farm at a higher volume.

As a player, I want to be able to change my current settings so that I can play the game how I want to play it.
